

Motorbike Chain Lube white

Description

White, full synthetic special grease. For optimal lubrication through visible application on the chain. Cold, heat and spray resistant. Very good adhesion and wear protection. Reduces chain elongation and extends the service life of the chain. Good creeping properties and good corrosion protection. The 50 ml can can be refilled with the 400 ml can.

Properties

- excellent penetration action
- especially cold, hot and splash-water resistant
- outstanding corrosion protection
- excellent adhesion
- friction and wear reducing
- resistant to acceleration forces
- highest load-carrying capacity
- reduces chain elongation

Technical data

Base	synthetic oil, additives
Color / appearance	white
Operating temperature range	-30 to +180 °C
missing translation	short term 200 °C °C
Water resistance at 90 °C	0 DIN 51 807
Form	aerosol, liquid
Odor	characteristic
Flash point	-60 °C

Areas of application

For all highly-stressed and high-speed motorcycle chains with and without O/X-rings.

Application

We recommend cleaning the chain with Motorbike Chain and Brake Cleaner (Part No. 1602) before use. Spray chain with Motorbike Chain Spray until white. The lubricant attains its final consistency and adherence once the solvent has evaporated.

Available pack sizes

50 ml Can aerosol	1592 D-GB
400 ml Can aerosol	1591 D-GB-E-P
